DJ  
SNC

HIGH-ENERGY  
MAINSTAGE SOUND

## ABOUT ME:

I'm DJ SNC, an electronic music producer and DJ focused on creating high-energy tracks built for mainstages.

Inspired by the golden era of EDM – from the 2000s club sound to the massive 2010s mainstage movement – my sound blends powerful drops, driving basslines, and emotional melodies designed to move crowds and create unforgettable moments.

With a growing catalog of original releases and remixes, I'm constantly pushing my sound forward – always driven by energy, emotion, and impact.
